LULAC Resolution
Posthumous Tribute to Corky Gonzales, Miguel Contreras, and Lalo Guerro

Whereas, Latinos contribute in positive and meaningful ways to the fabric of U.S. society,

Whereas, mainstream society and particularly Latino Youth benefit from the actions of creative, innovative and bold Latino leaders,

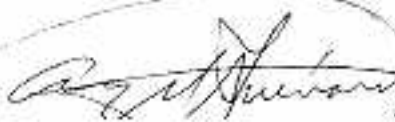

Whereas, Corky Gonzales was the grandfather of the Chicano movement and founder of the crusade of justice a civil rights organization based in Denver, Colorado, and Miguel Contreras was the labor movement leader and political leader from Southern California, and Lalo Guerrero, was the pioneer Latino musician who opened doors to the music entertainment world for young Latinos,

Whereas, our nation has suffered the loss of these three tireless visionary leaders who have touched the lives and souls of people from all ethnic groups and walks of life,

Whereas, these selfless leaders, who gave of themselves for the betterment of all, improved the human condition in all its facets which effect our quality of life,

Therefore be it resolved that LULAC recognizes posthumously the contributions and deeds of these great individuals and Latino role models.
